STRATEGIC ADVISORY GROUP

INTRODUCTION
In 2006, the Somalia Inter Cluster Standing Committee took part in the global pilot rollout of the cluster system. The clusters including the Shelter/NFI Cluster (SC) were established to strengthen the coordination of humanitarian action in Somalia.

The SC is a forum where all actors can discuss and agree on issues related to shelter and NFIs supported by a coordinator and secretariat which aides the cluster members in attaining effective shelter/NFI action in Somalia. In order for the cluster to be effective in the provision of shelter and NFIs to the Somali population in need, a Strategic Advisory Group (SAG), which comprises the key 15 shelter actors, guides the larger SC membership with policy decisions, strategic direction, advocacy roles and coordination mechanisms. As Somalia stabilises, the SC is responding by reducing its life-saving activities and progressing towards sustainable and durable (shelter) solutions.

The coordination function seeks to engage more than thirty Shelter Cluster partners in Somalia and over 200 people, representing six or seven stakeholder groups, in decision-making through consensus management. The process confers legitimacy only through maximising participation and inclusivity.

Purpose of the Strategic Advisory Group
The Strategic Advisory Group of the Shelter Cluster provides policy and strategic direction to the work of the Shelter/NFI Cluster. The SAG is comprised of key shelter organizations (see composition) and will guide the Shelter Cluster and its membership in a consultative manner.

Guiding principles
The work of the SC Members is guided by the principles of neutrality, impartiality, independence and the humanitarian principle of ‘do no harm’.

The meetings are called by the Cluster Coordinator according to need. Meetings should be held according to ‘Chatham House Rules’ i.e. comments are incorporated but are not attributable to any particular organization.

All documents will be circulated among the SAG members who are expected to consult their respective constituents. Any document generated and endorsed by the SAG will be posted on the Shelter/NFI Cluster website and circulate to the full membership.
