

The Shelter and NFIs Cluster, led by UNHCR and co-led by Global Communities, coordinates the efforts of 45 member organizations. The Cluster addresses emergency shelter and NFI needs and promotes household and community resilience. The Cluster supports people in need within displaced, hosting and non-displaced populations by ensuring that the different modalities of interventions (in-kind, non-conditional/conditional cash or voucher) abide by the do-not-harm principle. A Technical Working Group chaired by Global Communities provides member organizations with guidance on Shelter and NFI standards.

Cluster Priorities

- Coordinate the Cluster members' interventions in order to avoid overlapping.
- Harmonize till the maximum extend feasible the Shelter and NFIs assistance across the Cluster members.
- Respond to the ongoing displacements especially within the host communities in coordination with Damascus and Jordan hubs.
- Ensure continued assistance to besieged areas.
- Ensure a coordinated preparedness for winter.
- Increase the access to shelter and improve the standards of the shelter stocks.
- Advocate for the centralization of the stocks.

Challenges/Gaps

- The update of the People in Need figures at sub-district level is crucial in order to determine accurate gaps. The data available is from September 2015 (WOS assessment).
- Constraints in stockpiling big amounts inside Syria due to access, condition of the roads, security, size of the trucks.
